Camp Hours: 9:00 a.m.—1:00 p.m.

Registration:

March 7th & 8th (Church Members)

March 9th—12th (Preschool)

March 15th (General Public)

Olympic Fun and Fitness

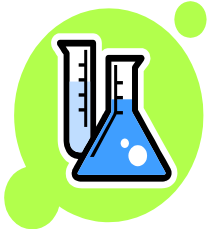

June 1, 2, 3

The games are on as we travel back to Greece to learn about how the Olympics began. Our campers will play exciting games and engage in physical activities designed just for our little Olympians. Sportball will help us run our very own Olympic games—where all participants will be gold medal winners. So, bring your competitive spirit and join us for the Olympic excitement.

Sensational Science

June 22, 23, 24

Come and enjoy a world of surprises as we take a look at the world through—sensational science. What makes the weather change, what puts the motion in the ocean, what makes a biscuit rise! We will explore these types of questions through age appropriate science investigation and experiments. We will even be visited by a Silly Scientist from Just Imagine who will engage us in hands on experiments and help us to imagine we're scientists too! Parents will be shocked to see the wacky art we can create—science style! Grab your microscope and sense of wonder and join us for this sensational silly science camp!

Princess Castles and Crazy Construction

July 6, 7, 8

This camp will inspire the creative and constructive spirit in both girls and boys! We will travel across time as we look at castles fit for a princess to the Eiffel tower. We will look at American architecture ranging from the smallest of log cabins to the tallest of sky scrapers. Each class will form their own construction crews to build their own Architectural Masterpieces that parents will be able to enjoy at parent pick-up. Each camper will be given their own construction hat so we can tour our very own construction work site right in our backyard. Braun and Butler Construction Co. will visit and share the excitement of building our new building. So let's get to the business of designing, drawing, planning, playing, building and having fun!
